SYNOPSIS OF HISTORICAL PAGEANT

The Historical Pageant will be made up of Floats and displays to indicate the prominent features of Perrysburg's historical past, and will appear in the parade in the following order:

THE BLOCK HOUSE

The period of defense and the events which lead up to the laying out of the village of Perrysburg, is represented by a Block House defended by American soldiers of that period. Around and about are the British and Indians against whose attacks this territory was protected.

FUR TRADING

The next period—1816-1826—is represented by a Float illustrating the trade with the Indian tribes. This Float represents a party of Indians coming down the Maumee river with a load of furs to the trading post at Perrysburg.

THE PRAIRIE SCHOONER

In the next period is a representation of the arrival of the settler in the Prairie Schooner. He is accompanied by his family and has come to make his home in the valley of the Maumee—the new village of Perrysburg.

THE PIONEER HOME

The next period shows the Home of the Pioneer—the little Log Cabin. From this humble beginning has come the beautiful village of Perrysburg, with its charming homes in a valley of peace and plenty. Here will also appear the "Circuit Rider" who ministered to the spiritual welfare.

1846-1856

In this period (1846-1856) we are reminded of the terrible scourge of Cholera and the coming of the D. & M. R. R., marking an era of early railway transportation and the connection of Perrysburg with the outside world.

The "legend" of the Indian Bell will be depicted by a Float illustrating the old story of this famous bell which surmounted the old Exchange Hotel.

THE CALL TO ARMS

In the next decade (1856-1866) is represented the departure of Perrysburg's quota of patriotic citizens to the Union Army. This will recall to the minds of the veterans and town's people the stirring days of the War of the Rebellion.

VARIOUS IMPORTANT EVENTS

In the days following the War—1866-1876—is depicted the "loss of our Court House," in which we surrendered to Bowling Green one of Perrysburg's most important features. Here will also be shown a Float representing what was then a very familiar object to be seen on our streets at that period.

AGRICULTURAL SUPREMACY

Here follows a Float representing the high point reached in Agriculture by Perrysburg township, as compared with all other sections of the State, being the result of the tireless efforts of the Farmers of this period.

During the next periods are shown the coming of Natural Gas, the Way Library, Maumee Valley Electric Railway, the Telephone, Street Improvement, Water Works.

THE CIVIC ASSOCIATION

Then follows the Float of the Perrysburg Civic Association, which symbolizes the strength and power of this organization in the upbuilding and improvement of Perrysburg. The columns illustrate the membership, whose united strength supports the Civic Association, which in turn upholds a

RIVER CLAIMS BOY

Fifteen Year Old Boy Drowns
Before Help Arrives.

Martin Stewart, fifteen, and Morris Doyle, twelve, went to the river for a swim late Sunday afternoon.

Doyle states that they were wading out to see how far they could go when Stewart stepped off a ledge and sank. He was unable to help the struggling boy so hurried up the bank for help.

Other young boys hurried to the rescue and dove for the body at the spot where he sank. The body was found in the bottom of the river and brought ashore. Dr. Bowers was summoned and every effort possible to restore respiration was in vain.

Witzler's ambulance conveyed the body to the home of the parents, Mr. and Mrs. Alex Stewart, east of Perrysburg.

Perrysburg, My Perrysburg!

A beauteous spot thou art indeed,
Perrysburg, my Perrysburg!

By nature never left to need,
Perrysburg, my Perrysburg!

The broad Maumee with rustling
reed,
The sighing trees so softly keyed
Peace, plenty and repose, indeed,
Perrysburg, my Perrysburg!

Thy stalwart sons are proud of
you,
Perrysburg, my Perrysburg!

Thy virtues many, thy faults are
few,
Perrysburg, my Perrysburg!

The hundred years, how quick
they flew
A hundred more with much to do,
You'll never falter, always true,
Perrysburg, my Perrysburg!

The above words are sung to the
air, "Maryland, My Maryland,"
and were written by Mr. Clarence
Eberly, formerly of Perrysburg,
but now a Toledo business man,
whose love for the old home town
is indicated by the words of this
Perrysburg song.

Every reader should cut out the
song, bring it along and assist in
singing in the afternoon program.

BODY FOUND IN QUARRY

Guy Kauffman Committed Suicide
by Drowning.

The body of Guy Kauffman, 38, was found in an abandoned quarry on the Mrs. Amanda Dennis farm Saturday night by John Myers, a farmer, who was attracted to the scene by the barking of his dog. The body was badly decomposed and had been in the water for six or seven days. It was floating on the surface when discovered.

Coroner Spittler pronounced it an intentional death as he had tried twice before to commit suicide. The man was committed to the Toledo State Hospital from Mansfield, O., two years ago and escaped from the authorities on August 10th. How the demented man got to the scene of the quarry is not known. His wife and child accompanied the remains to Luckey, where the body was prepared for burial.—Sentinel.

CARNIVAL FEATURE

Villa's Band Direct from the Mexican Border.

At the Carnival in the evening Villa's band will appear on Louisiana avenue. By great effort the artists have become familiar with some American rag. The music of this band has a very barbaric flavor as they have played at most of the executions staged by Francisco Villa in Mexico. If necessary, to bring the artistic temperament of the individual members up to the proper pitch, a few of the leading citizens will be led out and shot. Volunteers will be asked for Thursday evening.

The line-up:

Eduardo Morales.....First Cornet
Manuel Gomez.....Second Cornet
Antonio Arizaga.....Trombone
Frederico Morena.....Alto
Theodoro Hermano.....Flute
Colorado Blanco.....Piccolo
Antonio Cayun.....First Base
Francisco Ejercito.....Second Base
Senorita Goldstein.....Shortstop

Contributions will be demanded in the usual Mexican manner. By the aid of Auchilla Grande the individual members of the band will pass through whatever part of the anatomy of the hapless bystander that is handy unless the victim comes through with at least five dollars—no Mexican money accepted.

SOME OBSERVATIONS

Concerning Nothing Very Serious
But Worthy of Thought.

If this weather continues much longer we will none of us have much fear of that other hot place we've heard about.

Are you a Perrysburg booster or a chronic knocker? What are you doing to make a Better Perrysburg?

Although the Prohibition leaders predict a dry President in five years, he is not necessarily a far-sighted citizen who starts tanking up now at the prospect of drought.

Judging by the way it's always pressing, the Russian war machine must be an electric iron.

To be a candidate for office is an endurable thought, but to run or even fox-trot for it in summer weather would be a frightful undertaking.

Charles E. Hughes, criticising the appointment by President Wilson of Dr. Jones, to be the head of the Coast Survey, said that while he was an excellent veterinary surgeon, that he had no knowledge of Coast Survey work and his appointment was purely political. Whereupon the Democratic administration comes back with the delicious response that, "Dr. Jones was never a veterinary surgeon. He is a gentleman of education and refinement." Mr. Hughes' point still stands, and besides the veterinary surgeons all over the country are giving three rousing cheers for Wilson—but not so loud that you can hear them.

President Wilson is a minority President. He was elected in 1912 because the Republican party was hopelessly divided. Now the Progressives have returned. The Republican party has unified itself and is again the majority party. To add to Wilson's weakness the women voters of the country are declaring against him, making sure his defeat in the twelve western states where they have the suffrage. It looks as though he will have only the Solid South in the electoral college.

Liver Trouble.

"I am bothered with liver trouble about twice a year," writes Joe Dugman, Webster City, Iowa. "I have pains in my side and back and an awful soreness in my stomach. I heard of Chamberlain's Tablets and tried them. By the time I had used half a bottle of them I was feeling fine and had no signs of pain." Obtainable everywhere.

YOUNG people, this is meant for you. Don't laugh at fate. Prepare now for the "rainy day," when life is not all rosy sunshine. Save your pennies now. WORK, WORK, WORK! SAVE, SAVE, SAVE! This picture may change your whole life if you give it EARNEST THOUGHT for just five minutes. Concentrate your mind on it. Suppose you RESOLVE to be one of the few who will REALLY DO THIS. Then—
